

DWIGHT D. EISENHOWER LIBRARY  
ABILENE, KANSAS

U. S. ARMY, 4<sup>th</sup> INFANTRY DIVISION: After action reports, 1940-46 (Microfilm)

Accession: 64-14  
Processed by: TB  
Date Completed: March 1993

The microfilm copy of the after action reports of the 4<sup>th</sup> Infantry Division was sent to the Eisenhower Library by the Modern Military Branch of the National Archives in March 1964.

Linear feet of shelf space occupied:	8
Number of reels of microfilm:	121

Literary rights in the official records of the 4<sup>th</sup> Infantry Division are in the public domain. These records were processed in accordance with the general restrictions on access to government records as set forth by the National Archives.

## SCOPE AND CONTENT NOTE

The 4<sup>th</sup> Infantry Division was activated in June 1940 and received training in the U. S. during the Louisiana and South Carolina maneuvers. In January 1944 it was sent to England and became one of the first U. S. units to land in Normandy on D-Day. For the remainder of the war the Division participated in the Northern France, Rhineland, Ardennes-Alsace and Central Europe campaigns.

During their many months of combat duty, the organic units and staff sections which comprised the Division prepared extensive reports which described their activities. The original copies of these reports were sent to the War Department where they became part of the files of the Adjutant General's Office. The Departmental Records Branch of the Adjutant General's Office developed an elaborate arrangement scheme by which the records were organized.

When the after action reports were transferred to the National Archives, the Archives staff found that portions of the reports had been microfilmed by the War Department in 1948. A copy of the film of the records of the 4<sup>th</sup> Infantry Division was sent to the Eisenhower Library by the Archives in March 1964. It is not known if the film contains the complete records of the Division. Records of some components are very fragmentary and it is possible that additional records of the Division exist at the National Archives which are not on this microfilm.

Paper Copies of a few items are also at the Eisenhower Library as part of the U. S. Army Unit Records collection. These items appear to be carbon copies of the after action reports which the Division staff retained among their office files in the field. Researchers should examine both sets of files to obtain as complete a record as possible of the activities of the Division.
